# Logo Identity Design Packages

June 2009

## “The Combo”

### *Design and Printing Combination*

Elements of this package include:

- Fact finding interview
- From the interview five (5) creative designs will be presented
- One chosen design will be recorded to CD containing all the necessary file formats and color modes
- Large high quality full color Epson proof mounted on foam board
- 500 Printed letterheads in high-definition full color
- 500 Printed #10 reg. envelopes also in full color
- 500 Printed business cards in high-definition full color, one side only

Logo Identity Investment: \$475

## “The Pay-Off”

### *Design*

Elements of this package include:

- Fact finding interview
- From the interview five (5) creative designs will be presented
- One chosen design will be recorded to CD containing all the necessary file formats and color modes
- Large high quality full color Epson proof mounted on foam board
- \$30 off normal retail price for each printing order until one-half of the initial logo investment is used.

Logo Identity Investment: \$300

The interview is the first step in a successful and creative design process. Questions may include colors, textures, fonts and overall likes and dislikes.

We also design style formats that will help you implement and use your identity far into the future.

You purchase all rights to the chosen design. Registration of the logo is your responsibility. We retain ownership of all other non-chosen designs.

You can combine ideas from the original five presented logos or just choose one. You will then get three revision steps to fine tune the approved image.

File formats on the furnished CD will include Adobe, Corel Draw, Microsoft, JPEG, TIFF, and PNG. The CD will also contain full color, grayscale and one color black versions. More can be added.

Upgrade your identity package with technical support for only \$70 additional. Expert technical assistance for your future projects is just a phone call away.

Specialty papers, one color, two color and two sided printing are all available. We specialize in high-definition full color custom printing.

Most logo identity design projects can be accomplished within one week or sooner. We are experienced designers ready for your challenge.
